

The Southerner.

TARBORO': NOVEMBER 4.

Sale of the Cotton Factory.

We learn that on Wednesday last the Cotton Factory at the Falls of Tar River, together with the grist and saw mills, and the store and dwelling house, &c. was sold at public sale and bid off at \$65,000 by Mr. Wm. S. Battle. There was but one bid made. The property is estimated to be worth \$75,000.

Progress of Know-nothingism.

The recent elections in Pennsylvania, Ohio, Indiana, &c., &c., have resulted in favor of the isms of the day.

Fruits of Know-nothingism.

Rev. Mr. Bapst, a Catholic priest, was recently tarred and feathered at Bangor, Maine, and so much injured that he shortly after died.

Godley for November.

The present No. of this highly esteemed periodical exceeds in beauty and interest most of its predecessors, and far outstrips its competitors for popular favor. The year is drawing to a close, and now is a favorable time for persons to possess themselves of this attractive and unrivalled "Lady's Book."

Regimental Muster.

On Saturday last the 21st Regiment N. C. Militia paraded in this place, under the command of Lt. Col. D. B. Bell and Maj. Jesse Bullock. At the O. K. Muster the day previous, Col. H. T. Clark resigned his command of the Regiment. The weather was favorable, and the marching, countermarching, &c. performed in a creditable manner.

D. Q. I's.

The Tarboro' Squad of those renowned Invincibles paraded in this place on Saturday last, exciting the amusement of the fair spectators, the astonishment of the orderly, and the inquisitiveness of the children and the darkeys. They made quite a formidable display, if not a warlike one; and after performing several evolutions and revolutions, they dispersed, being doubtless satisfied that they had acquired "glory enough for one day."

The following description of the turnout of the Raleigh Squad, given by the Star, will give some idea of the uniform and equipments of the D. Q. I's:

"On Thursday afternoon we saw quite a novel sight. Following immediately behind a brass band, in a wood wagon, drawn by two of the poorest looking horses in the county, were a company of about forty persons, dressed in every fanciful shape their imaginations could devise, on the poorest horses and mules they could scare up in this vicinity. Some had tin swords six or eight feet long, and with spurs of the same material of about two feet in length; some had guns, and others flags, and each one disguised as best suited their tastes. From their flags we learned they were the "Don Quixotte Invincibles." As to ourselves we know nothing whatever of the origin of this company, or who they were, but we do know they made quite a display in their novel uniform. More than once the question was asked: "Are they the Know Nothings?" but no one was able to answer the question."

Fairs—Hotels, &c.

The Fair-going people in this section of the country have recently had fine opportunities for gratification. Week before last, the State Fair at Raleigh 11 the way—last week, the Union Fair at Petersburg, and the Norfolk Fair followed on—and this week the Richmond Fair was held. The weather has been remarkably propitious, and excepting perhaps a little too much dust and not quite enough elbow room at the Fairs, every thing went on as smoothly, and as satisfactorily as ought to have been anticipated. The Railroads are in

fine order, the officers obliging and accommodating, and the Hotels generally well prepared for the run upon them. Among the latter, Jarratt's Hotel in Petersburg stands conspicuous, and is noticed as follows by the Editor of the Halifax Republican:

"We visited Petersburg last week on business. The place continues to improve and we think the time will come, when it will number more in population than any other city in the State."

We stopped at Jarratt's Hotel, kept by T. J. Southall, Esq., and were comfortably and agreeably entertained. Mr. Southall keeps a first class house, and no one could wish better accommodations than he affords. He gives the house his whole personal attention and sees that every thing that is done, is well done. We venture the assertion that no one who stops there, will ever go away dissatisfied. Every thing about the house is neat, comfortable and convenient; and the eating, which is a very essential part in Hotel keeping, is of the very best kind, and in abundance.

The Petersburg Road, over which we travelled, is in good order. We saw H. D. Bird, Esq., its industrious and energetic President, somewhere on the route. He seemed to be engaged in business."

[We are requested to state that there will be an Exhibition of two year old Colts at the same time as the foregoing, and on the same conditions.]

Foreign.

The intelligence by the mail steamer Pacific is to the 18th ult. from Liverpool. Cotton continued without much variation in price—but breadstuffs had largely increased. The allied army was deliberately proceeding with its preparations for the attack on Sebastopol. The attack was expected to commence on the 9th, by which time the heavy siege-artillery will be in readiness.

We speak as unto wise Men—let the restored and afflicted judge for themselves.

The whole animal creation are subject to disease—but few die from sickness where instinct is their only physician. The beneficent Creator has given the various plants and roots for the cure of disease; and it is upon this great truth that Dr. Hampton bases the many wonderful cures of his celebrated Tincture.

A citizen of the Old Dominion thus speaks.
Scottsville, Albemarle county, Va.,
March 28, 1853.
Messrs. Mortimer & Mowbray—Gentlemen: I have been afflicted for the past 8 years with dyspepsia, rheumatism and liver complaint, suffering all the while with pains in the shoulder, hips, back and sides—shifting from one side to the other—palpitation

of the heart, loss of appetite, cold sweats at night, excessive costiveness, and great debility and weakness. I tried many remedies, which done me no good, but rather grew worse. Last fall I was advised to try Hampton's Vegetable Tincture, and I am happy to say it has cured me. I am now free from all pain, and in the enjoyment of perfect health, and take great pleasure in recommending the Tincture to all afflicted as I have been. Yours, Jas. M. Noel

A CANDID COURSE. The component parts of STABLE'S ANODYNE CHERRY EXPECTORANT AND STABLE'S DIARRHOEA CORDIAL have been made known to upwards of five hundred Physicians, every one of whom, without a single exception, have pronounced them excellent medicines, compounded in accordance with scientific principles, and skilful pharmaceutical knowledge. It is a well known fact, that physicians generally oppose what are termed "popular medicines," and this fact speaks loudly in favor of their candor and the intrinsic merits of these valuable preparations, which are most appreciated where they are best known, and which are coming into very general use for the distressing complaints they are intended to cure. For diseases of the lungs and throat, Stable's Anodyne Cherry Expectorant affords a safe and speedy remedy; while the Diarrhoea Cordial has never been known to fail in giving relief.

See advertisement in another column, and descriptive pamphlets, to be had gratis of the agents. Price of each, only 50 cents, or six bottles for \$2 50.

The Mustang Liniment.

Every day new evidences of the value of this popular medicine reaches the ears of the public. A friend of the Editor's, a contractor on the Pacific Rail Road, told him the other day that he would not be without it on his section on any account, whatever. He finds constant use for it among his hands. The great value of this article has induced many worthless imitations under different, but similar names; but the persons who once use Bragg & Co.'s Liniment will not be deceived by any vile and rascally cheat who would palm off a spurious preparation on them. See advertisement in another column.

GREAT CURE OF RHEUMATISM.—The Editors of the Richmond Republican, of Dec. 24, 1852, say that Carter's Spanish Mixture is no quack medicine.

They had a man in their press room who was afflicted with violent Mercurial Rheumatism, who was continually complaining of misery in his back, limbs and joints; his eyes had become feverish and watery, neck swollen, throat sore, and all the symptoms of rheumatism, combined with Scrofula. Two bottles of Carter's Spanish Mixture cured him, and in an editorial notice as above, they bear testimony to its wonderful good effects, and say their only regret is, that all suffering with diseases of the blood are not aware of the existence of such a medicine. They cheerfully recommend it.—See their certificate, and notice in full around the bottle.

MARRIED.

In this place, on Wednesday evening last, by Rev. J. B. Cheshire, Robert H. Lewis, Esq., of Milton, to Miss Sarah E. Howard, daughter of Mr. Geo. Howard.

In Greenville, on Wednesday evening last, Dr. W. M. B. Brown to Miss Jane Greene, daughter of Mr. Charles Greene.

DIED.

At Jacksonville, Florida, on the 28th ult., aged about 75 years, Mr. Michael Hearn, formerly of this place and for many years Clerk of our County Court. He was buried the following day by the Masonic Fraternity. He was perfectly aware of and resigned to his fate—he had been failing in health for many months, and was confined to his bed for about a month—he was as helpless as a babe, but bore his affliction with Christian fortitude.—Com.

At Stantonburg, in this county, on Saturday last, Dr. Lewis J. Dortch, aged about 36 years.
At her residence in the county of Greene, near Speight's Bridge, on the 25th ult., Susan, wife of Mr. William Faircloth, aged near 56 years—leaving a husband, three sons, two daughters, and a large circle of relatives and friends to mourn and lament her loss.
Mrs. Faircloth was born and raised in the county of Edgecombe, and was left destitute of a mother at an early age—though small, she had to occupy the station of her mother in transacting the business of the house.
She grew up, married, and resided in the county of Edgecombe until a few years before her death, when they moved to the county of Greene. She made a virtuous, pious and obedient wife—an affectionate mother and obliging neighbor, and a tender nurse—and often visited the sick and afflicted of her neighborhood. She was possessed with a great share of morality, was mild and easy in her manners, and often presented her visitors with a smile, even when on her death bed. As for care and industry she was excelled by none.—he

also aided and assisted in accumulating much wealth. We who knew her from her childhood, don't hesitate to say that she left none behind that can fill her station. She was esteemed by all who knew her, and those who knew her best, esteemed her most. A Schoolmate.

Valuable Land

FOR SALE.

WE offer for sale a part of the Gold Mine Lands.

There are several branches running through the portion of Land we propose selling, and in those branches we have found fair indications of Gold. We have not made full tests, and therefore do not offer them as mining lands exclusively; yet we think they would pay well for working, and they might turn out to be rich as they are immediately in a range with the richest part of the mines. We would like to cut off

About 1200 or 1500 Acres

On the south of our Tract, which might be divided into two or more Tracts. On the Land we offer there are some two or three hundred Acres of swamp or low grounds—there is a small Plantation open, but most of the tract is in original woods. The quality of the Land is good—well adapted to tobacco, wheat, corn, cotton and oats. We would sell for cash or give such credit as the purchaser might desire, provided the ultimate payment was satisfactorily secured. It would be an excellent location for a Steam Mill, as the timber on the Tract could not be exceeded—consisting of Pine, Poplar, Swamp White Oak, Maple and Hickory. The reason we desire to sell is, we cannot employ force to cultivate and mine so large a tract. We shall retain more than a thousand Acres, and upon that we could profitably employ an hundred hands if we could procure them.
